RE: MTC TIP Revision No. 2019-41 – Administrative Modification

Muhaned Aljabiry:

Please be advised that MTC recently made several changes to the 2019 Federal Transportation Improvement Program (TIP). TIP Revision No. 2019-41 revises 12 projects with a net increase in funding of \$226 million across all program years. Among other changes, this revision:

- Updates the funding plans of two projects in Napa County to reflect the transfer of \$2 million in Congestion Mitigation and Air Quality Improvement Program funds;
- Updates the funding plan of one project to reflect changes in the Active Transportation Program;
- Updates the funding plans and back-up listings of four State Highway Operation and Protection Program (SHOPP) funded group listings and the Local Highway Bridge Program (HBP) group listing to reflect the latest information from Caltrans including the addition of \$123 million in SHOPP and \$24 million in HBP funding across all program years; and
- Updates the funding plan and back-up listing of one group listing to reflect the recent adoption of Cycle 6 of the Lifeline Transportation Program.

The administrative modification is financially constrained by year and MTC relies on the State's programming capacity in the amount of \$66 million in SHOPP funds to reflect the net change in funding over the four years of the TIP. MTC relies on existing programming capacity for the remaining funds.

The TIP revision entries have been emailed to your staff. MTC's 2019 TIP, as revised with Revision No. 2019-41, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in the SIP.

The investments described in MTC's 2019 TIP, as revised with TIP Revision No. 2019-41, make progress toward achieving the performance targets set by the region in accordance with the applicable provisions and requirements of 23 CFR Part 450. The projects that are included in this administrative modification are not included in any other amendment that is open for public review. MTC's 2019 TIP, including the proposed Revision No. 2019-41, is consistent with metropolitan transportation planning regulations per 23 Code of Federal Regulations Part 450 and conforms to MTC's Regional Transportation Plan.

Under the delegated authority received from Caltrans, I approve this administrative modification to the Federal Statewide Transportation Program (FSTIP). This revision is consistent with the approved Administrative Modifications/Amendments Guidelines and Procedures.

If you have any questions regarding this revision, please contact Adam Crenshaw of my staff at (415) 778-6794; or Karl Anderson at (415) 778-6645.

Sincerely,

Andrew B. Fremier  
Deputy Executive Director, Operations
