RE: Annual Listing of Federally Obligated Projects for Federal Fiscal Year 2015-16

Title 23 CFR 450.334 requires the Metropolitan Transportation Commission to publish a listing of projects using federal funds obligated in the previous federal fiscal year. The Annual Listing of Federally Obligated Projects ("Annual Listing") provides a record of project delivery and promotes awareness of government spending on transportation projects.

The Annual Listing includes explanatory text, as well as summary listings by categories such as mode, system, and fund source. Additionally, the Annual Listing includes a glossary of the commonly used abbreviations and acronyms to help the public better understand the listing.

The Fixing America's Surface Transportation (FAST) Act also encourages cooperation among the state department of transportation (Caltrans), public transit operators, and MTC to develop this Annual Listing. As a part of our development process, MTC distributed the draft Annual Listing to the Bay Area Partnership Working Groups and stakeholders for comment.

This report was developed using data sourced from both Caltrans and MTC. For the last federal fiscal year (2015-16), the region obligated approximately \$1,040 million in federal transportation funds. The Annual Listing has two sub-listings: road and highway projects, and transit projects. Information for the road and highway project listing includes obligation of fund sources such as the Surface Transportation Block Grant Program (STP), the Congestion Mitigation and Air Quality Improvement (CMAQ) Program, and miscellaneous earmarks. The sources of this information are Caltrans and MTC. The second table, for transit, includes obligation of fund sources such as Federal Transit Administration Sections 5307, 5337 and 5309, and the source is MTC.

The enclosed document is available through the Internet at the MTC website:

<http://www.mtc.ca.gov/our-work/fund-invest/federal-funding/project-delivery>

Annual Listing of Federally Obligated Projects, FFY 2015-16
December 28, 2016
Page 2

If you have any questions regarding the Annual Listing, please contact Kenneth Kao of MTC's Programming and Allocations Section by phone at (415) 778-6768 or by e-mail at: kkao@mtc.ca.gov.

Thank you for your interest in the FFY 2015-16 Annual Listing of Federally Obligated Projects.

Sincerely,

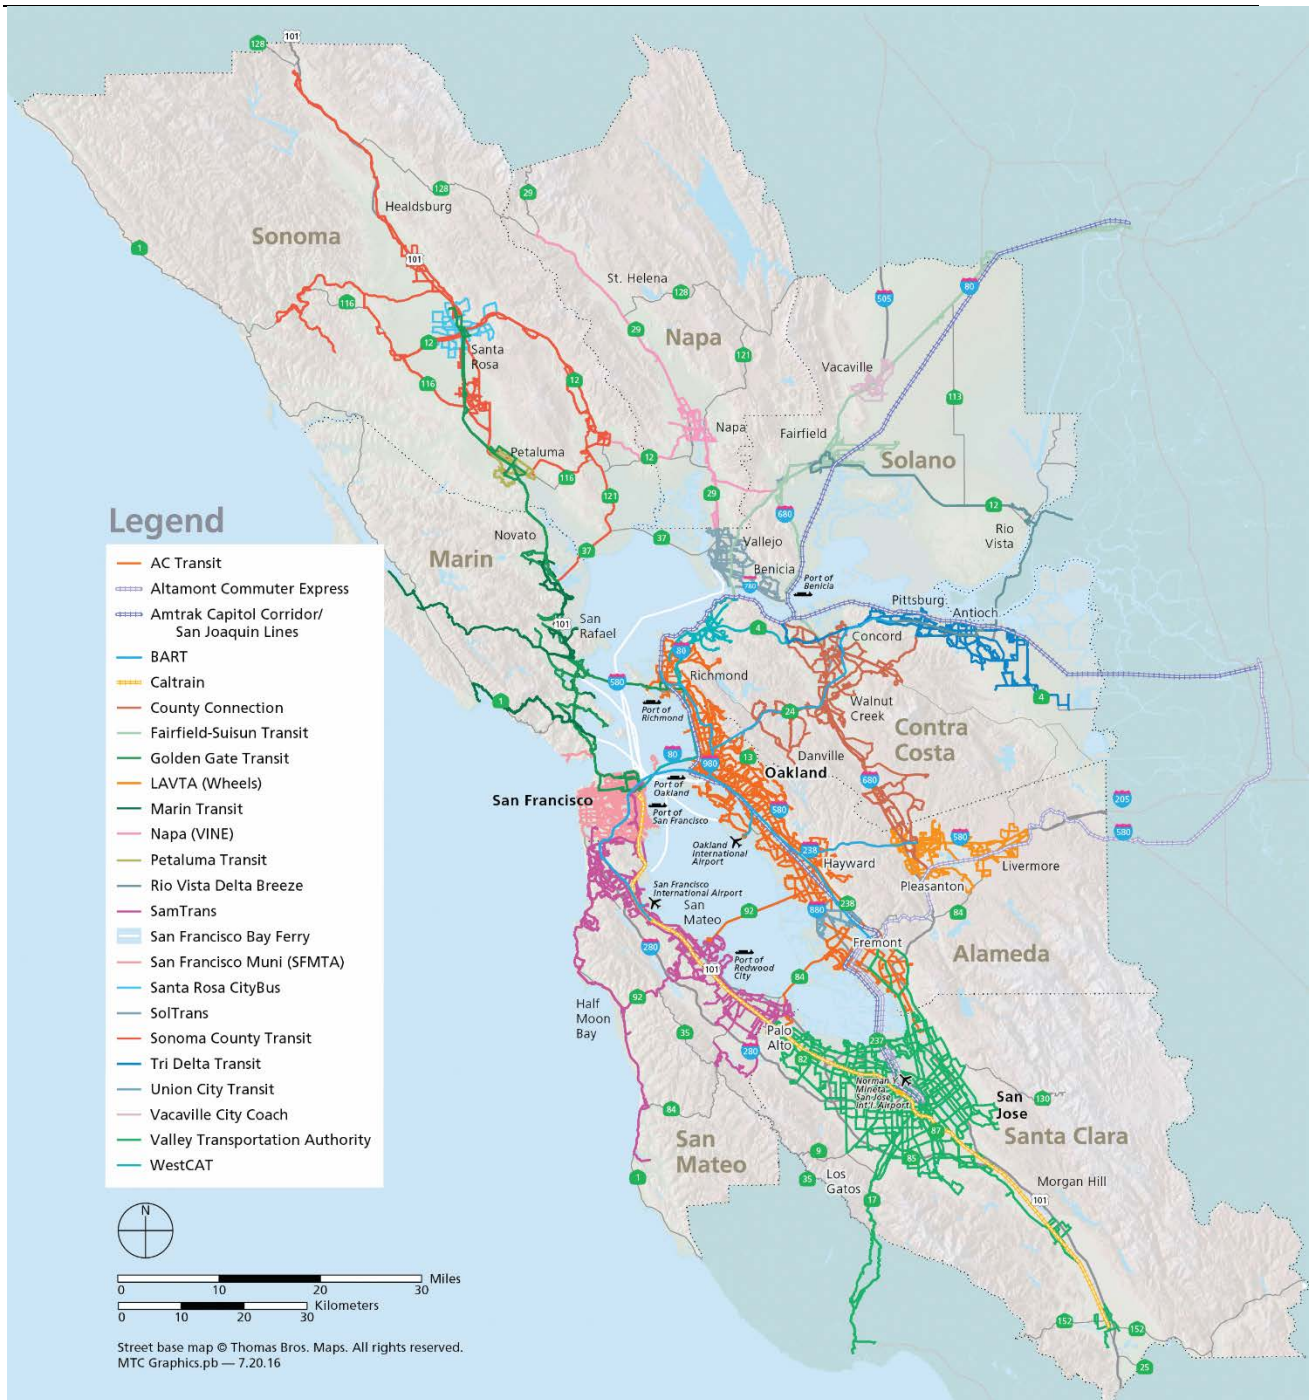

Anne Richman
Director, Programming and Allocations

Attachment: FFY2015-16 Annual Listing of Federally Obligated Projects

Nine-County San Francisco Bay Area Transportation Network

About this Document

The Metropolitan Transportation Commission, as the Metropolitan Planning Organization (MPO) for the nine-county San Francisco Bay Area, is required by Title 23 CFR 450.334 to publish a listing of projects that obligated federal transportation funds in the previous year.

The purpose of this document is to provide a record of project delivery, increase public awareness of government spending on transportation projects, and demonstrate continued coordination between the various agencies responsible for implementing the projects programmed in the region's Transportation Improvement Program, or TIP – MTC, the California Department of Transportation (Caltrans), the nine Bay Area Congestion Management Agencies (CMAs), and the various regional public transportation operators.

Obligation

- The term obligation means that a project sponsor has received federal authorization to begin work on a phase of a project and a commitment from the federal government to reimburse the project sponsor for eligible expenses.
- A project that has obligated funds during the year was not necessarily completed or initiated during the year.
- The amount of funds obligated on a project in this fiscal year is not necessarily representative of the total

This document is available for download on the MTC website at <http://mtc.ca.gov/our-work/fund-invest/federal-funding/project-delivery>.

About the Metropolitan Transportation Commission

Created by the state Legislature in 1970 (California Government Code § 66500 *et seq.*), the Metropolitan Transportation Commission (MTC) is the transportation planning, coordinating and financing agency for the nine-county San Francisco Bay Area. The Commission's work is guided by a 21-member policy board.

Federal Framework

Over the years, state and federal laws have given MTC an increasingly important role in financing Bay Area transportation improvements. At the federal level, beginning with the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991, Metropolitan Planning Organizations (MPOs) like MTC have been responsible for selecting the mix of transportation projects best suited to meet their region's needs.

- **Fixing America's Surface Transportation (FAST) Act:**
Congress reaffirmed MPOs' role in transportation financing in 2015 with the passage of the most recent federal transportation authorization, the Fixing America's Surface Transportation (FAST) Act. The FAST Act was effective October 1, 2015.

This annual obligation listing report covers the first year of the FAST Act through FFY 2015-16.

Regional Transportation Plan: Plan Bay Area

As the agency responsible for transportation planning in the nine-county San Francisco Bay Area, MTC is responsible for adopting the Bay Area's regional transportation plan. The current plan, known as *Plan Bay Area*, was adopted by the Commission on July 18, 2013.

The plan establishes the long-range goals for the region, and identifies a set of investments and strategies to implement them. Updated every four years to reflect new planning priorities and changing projections of growth and travel demand, the long-range plan must be based on a realistic forecast of future revenues. Taken as a whole, the projects included must also help improve regional air quality. *Plan Bay Area* can be found at the MTC website at <http://mtc.ca.gov/our-work/plans-projects/plan-bay-area-2040/plan-bay-area>.

Federal Funding in *Plan Bay Area*

A variety of sources of funding are required to fund the set of investments included in the plan. Over the 28-year period of *Plan Bay Area* (2013-2040), federal funds represent approximately 11% of the revenues for Bay Area's planned surface transportation investments.

As a reminder, this obligation report is limited to federal funds and does not include all revenues that have been expended on transportation in a given year.

Transportation Improvement Program

With the long-range plan in place, the Transportation Improvement Program, or TIP, serves as a short range programming document for the projects to be undertaken in the next few years. The TIP sets forth the region's investment priorities for transit and transit-related improvements, highways and roadways, bicycle and pedestrian, and other surface transportation improvements in the nine-county San Francisco Bay Area. Only projects consistent with the regional transportation plan's financially-constrained list may be placed in the TIP for federal funding. In addition, in order for a project to obligate federal funds, the project's funding must be included in the TIP.

Projects in the TIP

The TIP is a comprehensive listing of all Bay Area transportation projects that receive federal funds, are regionally significant, or are subject to a federally-required action such as a review for impacts on air quality.

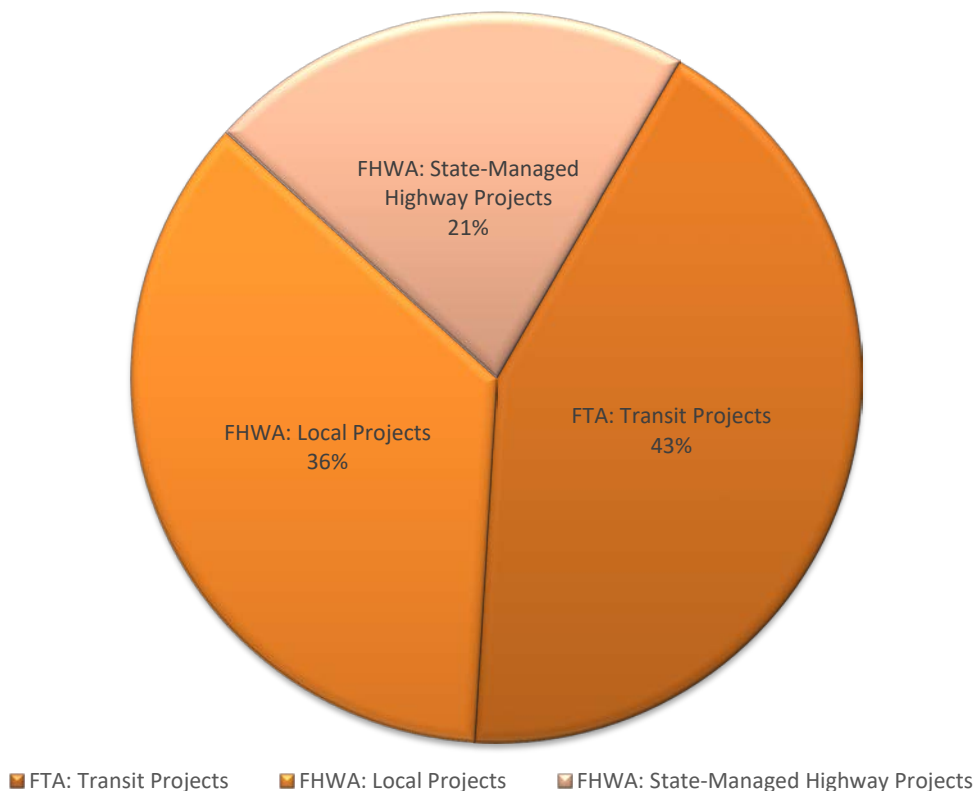

MTC's TIP for the San Francisco Bay Area can be found online at: <http://mtc.ca.gov/our-work/fund-invest/transportation-improvement-program>.

By law, the TIP must be adopted at least once every four years, cover at least a four-year period, and contain a priority list of projects grouped by year. Further, the TIP must be financially constrained by year (meaning that the amount of dollars programmed must not exceed the amount of dollars estimated to be available). Federal regulations also require an opportunity for public comment prior to TIP approval.

The 2015 TIP, which covers federal fiscal years 2014-15 through 2018-19, was approved by the Federal Highway Administration and Federal Transit Administration on December 15, 2014. The 2017 TIP, which covers federal fiscal years 2016-17 through 2019-20, was approved on December 16, 2016.

Annual Obligated Project Listing Summary

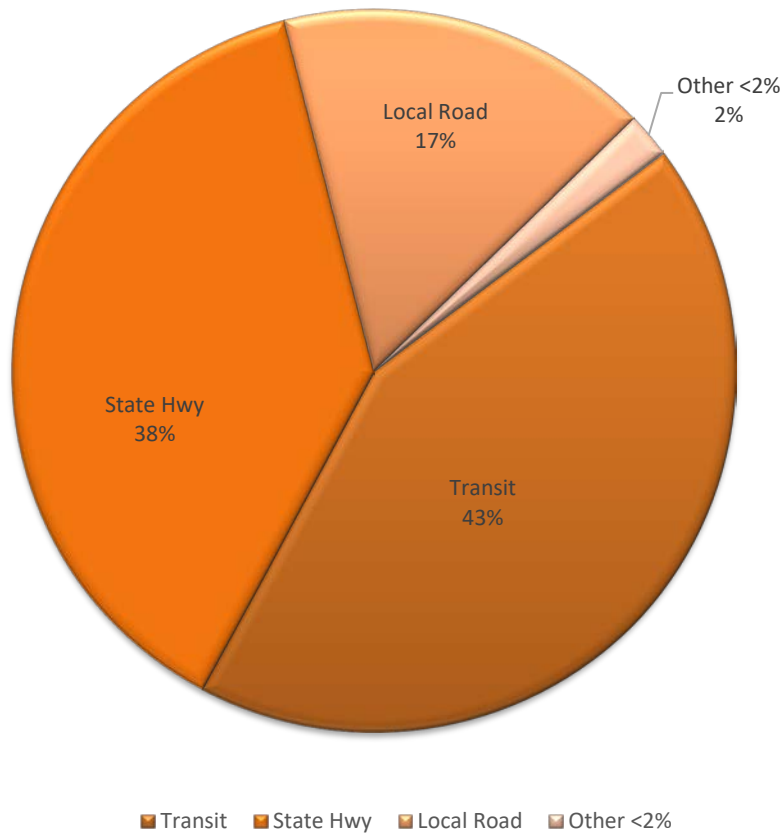

This annual listing shows that approximately \$1,040 million of federal funds were obligated in the MTC region in FFY 2015-16, slightly more than the \$952 million obligated in FFY2014-15. Of this amount, over half, or \$596 million, was obligated by the Federal Highway Administration (FHWA) for highway, local road, bicycle and pedestrian facilities, and air quality projects. Of the \$1,040 million obligated, the California State Department of Transportation (State-Managed) obligated 21% for state highway related projects and the Local agencies obligated another 36% for local projects on and off the state highway system. The remaining portion of funds (43%) were obligated by the Federal Transit Administration (FTA) for transit projects. Chart A-1 illustrates the breakdown of obligations by obligating agency, rounded to the nearest million.

A-1: MTC Region Federal Obligations, FFY 2015-16

Obligating Agency	Total Obligations* (rounded)	Percent of Total* (rounded)
Federal Transit Administration: Transit Projects	\$443 million	43%
Federal Highways Administration: Local Projects	\$371 million	36%
Federal Highways Administration: State-Managed Highway Projects	\$224 million	21%
Total	\$1,040 million	100%

*Totals are approximate due to rounding

A-2: MTC-Region Federal Obligations by System, FFY 2015-16

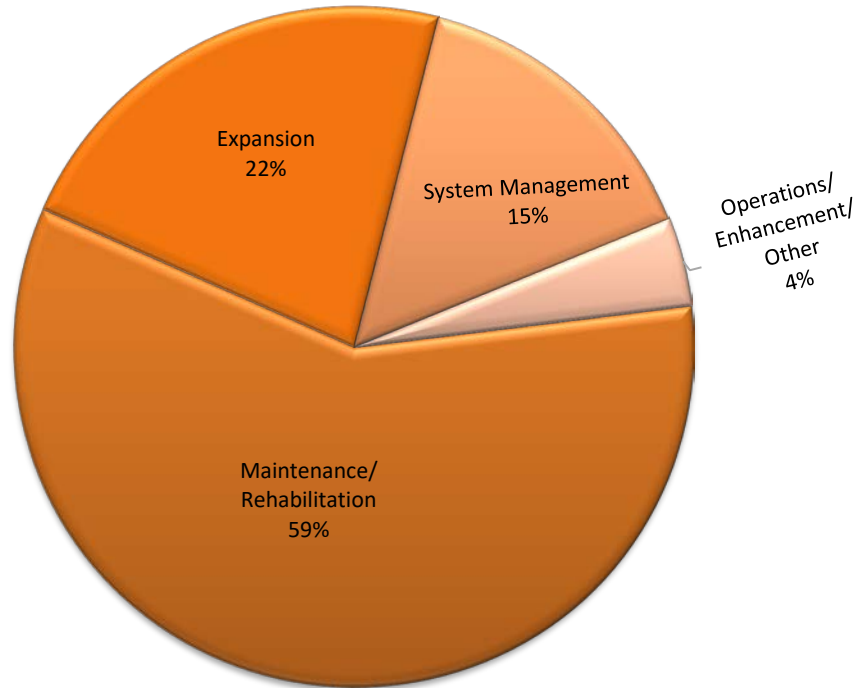

System	Total Obligations* (rounded)	Percent of Total* (rounded)
Transit	\$449 million	43%
State Highway	\$397 million	38%
Local Road	\$174 million	17%
Other (Public Land/Trail/Region/Port/Freight/Rail)	\$21 million	2%
Total	\$1,040 million	100%

*Totals are approximate due to rounding

Chart A-2 above shows all federal obligations in the MTC region, broken down by system, rounded to the nearest million. To assist with the region's transportation needs, projects included in the TIP are classified by one of the following systems: Local Road, State Highway, Transit, Regional, Port/Freight/Rail, and Public/Land/Trail. Transit projects received the most obligations for FFY2015-16 at 43% of all federal obligations. Transit obligations include funding transferred from FHWA to FTA. State highway projects received 38% and local road projects received 17% of all obligations. The remaining FFY 2015-16 federal obligations was for projects categorized as "Other <2%" and include systems that total less than 2% within their category, and include Regional, Public Land, Trail, Freight, Port or Rail systems.

A-3: MTC-Region Federal Obligations by Purpose, FFY 2015-16

■ Maintenance/ Rehabilitation ■ Expansion ■ System Management ■ Operations/ Enhancement/ Other

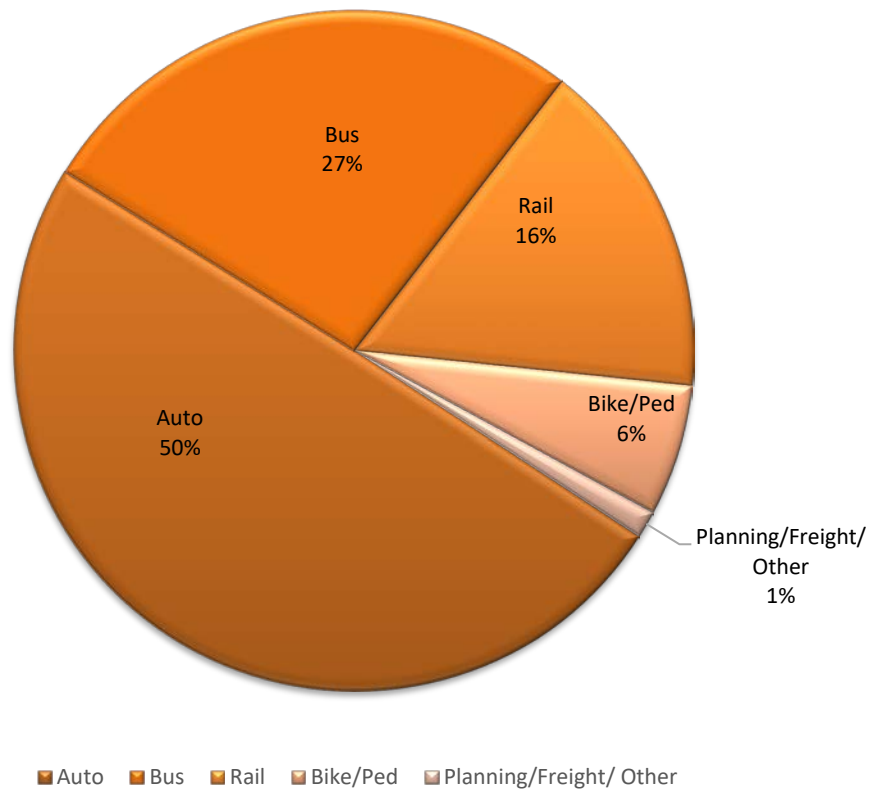

Purpose	Total Obligations* (rounded)	Percent of Total* (rounded)
Maintenance/ Rehabilitation	\$609 million	59%
Expansion	\$232 million	22%
System Management	\$154 million	15%
Other/ Operations/ Enhancement	\$43 million	4%
Total	\$1,040 million	100%

*Totals are approximate due to rounding

Chart A-3 above illustrates all obligations in the MTC region, broken down by purpose, rounded to the nearest million. Projects are associated with a purpose to assist in identifying infrastructure needs as a whole and funding eligibility.

In FFY2015-16 over half of all federal investments (59%) were used to support the ongoing maintenance and rehabilitation needs of the region's transportation infrastructure. The remainder of obligations applied to expansion, system management, operations, and enhancement or other projects.

A-4: MTC-Region Federal Obligations by Mode, FFY 2015-16

Mode	Total Obligations* (rounded)	Percent of Total* (rounded)
Auto	\$516 million	50%
Bus	\$277 million	27%
Rail	\$168 million	16%
Bike/Ped	\$65 million	6%
Other/ Operations/ Enhancement	\$13 million	1%
Total	\$1,040 million	100%

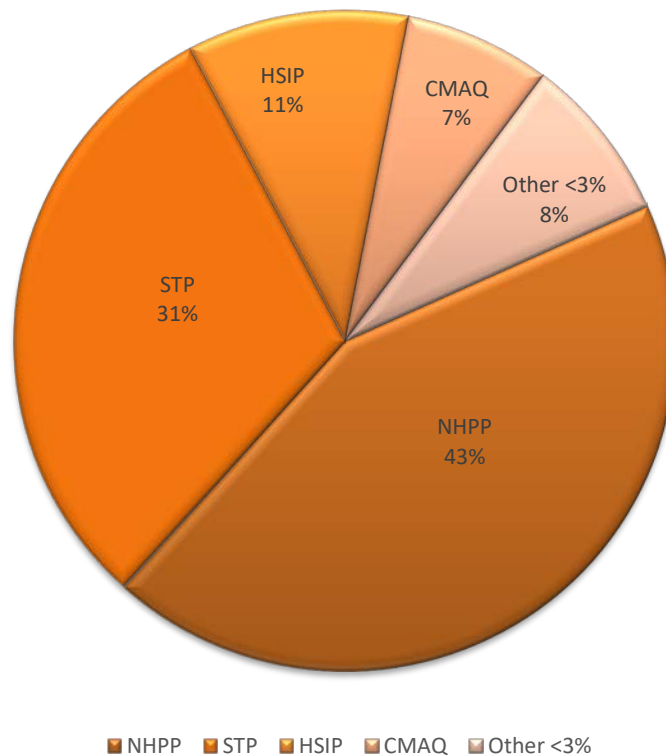

*Totals are approximate due to rounding

Chart A-4 illustrates all obligations in the MTC region, broken down by mode, rounded to nearest million. The modes being tracked are Auto, Bike/Pedestrian, Rail, Freight, Bus, Ferry, Planning and Other. In FFY 2015-16, projects benefitting primarily automobiles received the most obligations at approximately 50%, or \$516 million of all obligations. Transit bus projects benefitted with \$277 million of all investments with the remainder of investments focused on rail, bike/pedestrian, planning and freight needs.

Obligated Project Table Charts

The charts on the following pages illustrate the breakdown of obligations by fund program, rounded to nearest million, based on data provided in Tables 1 and 2, respectively, provided at the end of this report.

B-1: FHWA Locally and State-Managed Project Obligations, FFY 2015-16

Fund Program	Total Obligations* (rounded)	Percent of Total* (rounded)
National Highway Performance Program (NHPP)	\$258 million	43%
Surface Transportation Program (STP)	\$183 million	31%
Highway Safety Improvement Program (HSIP/ HR3)	\$64 million	11%
Congestion Mitigation Air Quality Improvement (CMAQ)	\$42 million	7%
Other <3% (Earmarks, HBP, ATP, Emergency Relief, SRTS)	\$48 million	8%
Total	\$596 million	100%

*Totals are approximate due to rounding

Chart B-1 shows that the largest share of funding obligated by FHWA was National Highway Performance Program (NHPP) projects, which accounted for 43% of obligations of all federal funds, or \$258 million. STP projects totaled approximately \$183 million of obligations. These funds obligated are mainly used for roadway and transit rehabilitation needs. The Highway

Safety Improvement Program (HSIP) has increased in obligations from \$42 million in FFY14-15 to over \$64 million in FFY15-16, reflecting the regional effort to deliver critical safety projects. HSIP funds are commonly used for incorporating safety components into existing roads and highways, components such as guard rails, signalization, and pedestrian safety features.

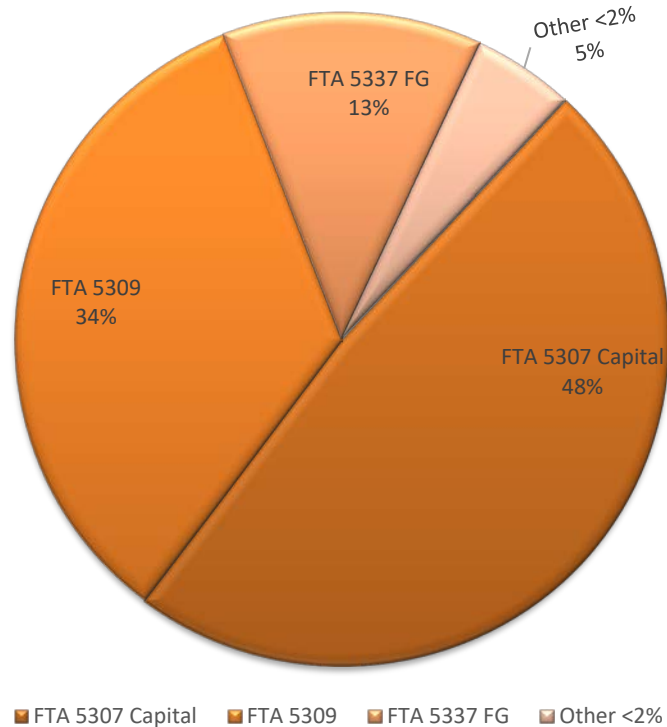

The obligations accounting for just over \$48 million or approximately 8% are for projects classified under “Other <3%” funds. These programs obligated less than 3% of all FFY2015-16 obligated funds within their individual programs. These programs include:

- Miscellaneous Earmarks (e.g., Non-motorized Transportation, Rail and Highway Crossing Hazard Elimination, Interstate Maintenance)
- Active Transportation Program (ATP)
- Safe Routes to School (SRTS)
- High Speed Rail (HSR)
- Highway Bridge Program (HBP)

Note: Funds transferred from FHWA to FTA are reflected in Chart B-2.

(SR 84 Expressway Widening, courtesy of ACTC)

B-2: FTA Transit Obligations, FFY 2015-16

Fund Program	Total Obligations* (rounded)	Percent of Total* (rounded)
FTA Section 5307 Capital	\$214 million	48%
FTA Section 5309	\$150 million	34%
FTA 5337 Fixed Guideway (FG)	\$57 million	13%
Other <2% (STP-TCP, FTA 5339, FTA 5307 JARC)	\$22 million	5%
Total	\$443 million	100%

*Totals are approximate due to rounding

Chart B-2 shows the breakdown of FTA obligations in FFY 2015-16. The largest share of obligations was for FTA Section 5307 Capital projects, which account for nearly half of all FTA-obligated funds at 48%, or approximately \$214 million. FTA section 5307 funds can be used for a variety of purposes, including bus purchases, maintenance, facility improvements, and other capital projects as well as maintenance and, in certain circumstances, operating costs. A portion of FTA section 5307 funds, broken down in "Other <2%", were obligated for the Lifeline Transportation Program (JARC) projects that enhance mobility of low-income residents. FTA section 5309 funds made up a significant percentage of the FTA-obligations with nearly 34% of all FFY2015-16 FTA investments.

The obligations accounting for \$22 million or 5% are for projects classified under “Other <2%” funds. These programs obligated less than 2% of all FFY2015-16 obligated funds within their individual programs. These programs include:

- Transit Capital Priorities (STP TCP)
- FTA Section 5339
- FTA Section 5307 JARC
- Congestion Mitigation Air Quality Improvement transfers (CMAQ+)
- Surface Transportation Program transfers (STP+)

(BART to Warm Springs-Berryessa Extension, courtesy of VTA)

Annual Obligated Projects Listing Explanation

There are two tables included in the listing at the end of this report:

- Table 1: FHWA State and Locally-Managed Projects obligated, sorted by county, implementing agency, and primary mode. This list includes projects from fund sources such as Surface Transportation Program (STP), Congestion Mitigation Air Quality Improvement (CMAQ), and Federal High-Priority earmarks. State-managed projects include funds obligated by Caltrans for work on the state highway system, and include fund sources such as Emergency Relief (ER), Interstate Maintenance (IM), and National Highway System (NHS) funds.
- Table 2: FTA Transit obligations, sorted by transit operator and primary mode. Funds transferred to FTA from FHWA are marked with a “+” after the fund source.

The columns in the listing include:

- TIP ID, the identification code for the project in MTC’s TIP. State-Managed (Caltrans) projects do not have this field available, and are noted by a “N/A” or a Caltrans Expenditure Authorization (EA) ID in that field.
- Project Title and Description
- Fund Source, indicating the obligated fund source
- Federal Project ID (FPID), indicating the federal project identification code (for FTA obligations, this is the grant number)
- Total Obligation Amount, rounded to the nearest dollar. Negative numbers indicate a deobligation, where the federal funding commitment is no longer needed for the project either due to not meeting federal deadlines or due to project closeout. For additional information, please contact Caltrans or the project sponsor.
- Obligation Date, indicating the date FHWA (or FTA) obligated the funds
- Future Funding (by TIP ID), the amount programmed in the current TIP, rounded to the nearest dollar;
 - These amounts were current in the 2015 TIP as of November 30, 2016.
 - Please note that if there are multiple obligations for each TIP ID, the future funding amount will also be displayed multiple times.

Caltrans may have additional information regarding the obligations they manage. Many of the funds Caltrans obligates for the State Highway System are programmed in the TIP and obligated at the beginning of the year as a lump sum.

The Use of Toll Credits (TC)

Federal-aid highway projects typically require the project sponsors to provide a certain amount of non-federal funds as match to the federal funds. For example, STP-funded projects require a minimum of 11.47% of non-federal match funds. Through the use of toll credits, the non-federal share match requirement can be met by applying an equal amount of toll credit and therefore allow a project to be funded with up to 100% federal funds for federally participating costs.

The amount of credit a state can earn is determined by the amount of toll revenue used for capital expenditures to build or improve public highway facilities. Once a credit amount is appropriately established, this credit will remain available until used by the state. The state is required to track the use of toll credit on a project-by-project basis and report such use to FHWA on a regular basis.

(Jepson Parkway – Leisure Town Widening Rendering, courtesy of STA)

Annual Obligation Listing Highlights

Below are the projects with the highest obligation amounts in FFY 2015-16 for FHWA and FTA.

FHWA State and Locally-Managed Project Obligations, Top 10 Obligations Overall

Agency	Project Title	Total
SF County TA	US 101 Doyle Drive Replacement	\$123,896,374
State-Managed	On I-280 near Woodside from 0.5 mile N/O Sand Hill Rd O/C to 280/92 Separation Replace PCC, Cold Plane AC and Place RHMA-G (TC)	\$22,046,300
State-Managed	In Morgan Hill and San Jose from E. Dunne Ave to 0.6 mi N/O Silicon Valley Blvd Pavement Rehabilitation (TC)	\$21,009,800
State-Managed	In Alameda County from 0.4 mi S/O Fremont Blvd O/C to 0.3 mi S/O High Street Install Median Concrete Barrier	\$20,000,000
SF County TA	Yerba Buena Island (YBI) Ramp Improvements	\$20,000,000
Solano TA	Jepson: Leisure Town Road from Vanden to Commerce	\$19,377,000
State-Managed	In Oakland at Macarthur Boulevard Bridge No. 33-0061 L/R Rehabilitate Bridge (TC)	\$17,590,700
Contra Costa TA	Reconstruct I-80/San Pablo Dam Rd Interchange	\$15,000,000
Solano TA	Jepson: Vanden Road from Peabody to Leisure Town	\$13,821,300
State-Managed	5 th Avenue Overhead Seismic Retrofit Bridge Replacement	\$12,844,101

Federal Transit Administration Obligated Projects, Top 10 Obligations

Operator	Project Description	Obligation Amount
VTA	BART - Warm Springs to Berryessa Extension	\$150,000,000
VTA	VTA: Standard & Small Bus Replacement	\$63,222,518
AC Transit	AC Transit: Procure (65) 40' Urban Buses	\$23,894,153
SamTrans	SAMTRANS: Replacement of 2003 Gillig Buses	\$20,000,000
SamTrans	SAMTRANS: Replacement of Articulated Bus Fleet	\$20,000,000
VTA	VTA: Preventive Maintenance	\$18,625,493
SFMTA	SFMTA: Trolley Overhead Recon. Program	\$10,481,371
AC Transit	AC Transit: Facilities Upgrade	\$8,567,594
MCTD	MCTD - Replace 13 -40ft Buses	\$7,899,880
SFMTA	SF Muni Rail Replacement Program	\$6,316,972

Listing of Commonly Used Abbreviations

Below is a listing of commonly-used abbreviations in this document and their meanings.

Abbreviation	Meaning
ALA	Alameda
AC	Advance Construction
AC Transit	Alameda-Contra Costa Transit District
ACCMA	Alameda County Congestion Management Agency
ACTC	Alameda County Transportation Commission
ADA	Americans with Disabilities Act
ARRA	American Recovery and Reinvestment Act
ATP-REG	Active Transportation Program – Regional Program
ATP-ST	Active Transportation Program – State Program
BAAQMD	Bay Area Air Quality Management District
BART	Bay Area Rapid Transit District
BR	Bridge
BRT	Bus Rapid Transit
Caltrain/JPB	Caltrain / Peninsula Joint Powers Board
Caltrans	California Department of Transportation
CC	Contra Costa
CCAG	[San Mateo] Cities/County Associated Governments
CCCTA	Central Contra Costa Transit Authority
CCTA	Contra Costa Transportation Authority
CCTV	Closed-Circuit Television
CHP	California Highway Patrol
CMA	Congestion Management Agency
CMAQ	Congestion Mitigation and Air Quality Improvement
CO	County
CON	Construction
DPW	Department of Public Works
E/B	Eastbound
E/O	East of
EA	Expenditure Authorization
EBRPD	East Bay Regional Parks District
ECCTA	Eastern Contra Costa Transit Authority
ENV	Environmental
ER	Emergency Relief (or Response)
Fed Disc	Federal Discretionary
FFY	Federal Fiscal Year
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
FTA 5307	Federal Transit Administration section 5307 Urbanized Area
FTA 5307 TCP	Federal Transit Administration section 5307 Transit Capital Priorities
FTA 5309 FG	Federal Transit Administration section 5309 – Fixed Guideways

Abbreviation	Meaning
FTA Ear 5309 Bus	Federal Transit Administration section 5309 Earmark – Bus
FTA Ear 5309 NS	Federal Transit Administration section 5309 Earmark – New Starts
FTA 5308 CF	Federal Transit Administration section 5308 Clean Fuel
FTA 5317 NF	Federal Transit Administration section 5317 New Freedom
FTA 5320 TIPP	Federal Transit Administration section 5320 Transit in Parks Program
FTA 5337 SGR	Federal Transit Administration section 5337 State of Good Repair
FTA 5339 Bus	Federal Transit Administration section 5339 Bus
FFY	Federal Fiscal Year
FY	Fiscal Year
GGBHTD	Golden Gate Bridge, Highway, and Transportation District
HBP	Highway Bridge Program
HE	Hazard Elimination
HOT	High Occupancy – Toll
HOV	High Occupancy Vehicle
HPP	High Priority Program
HRRR, HR3	High Risk Rural Roads
HSIP	Highway Safety Improvement Program
I/C	Interchange
I/S	Intersection
IBRC	Innovative Bridge Research and Construction
IIP	Infrastructure Investment Program
IM	Interstate Maintenance
ISTEA	Intermodal Surface Transportation Efficiency Act
ITS	Intelligent Transportation Systems
JARC	Job Access and Reverse Commute
LAVTA	Livermore Amador Valley Transit Authority
LTAP	Local Technical Assistance Plan
MAP-21	Moving Ahead for Progress in the 21st Century
MCTD	Marin County Transit District
MPO	Metropolitan Planning Organization
MTC	Metropolitan Transportation Commission
N/B	Northbound
N/O	North of
NCTPA	Napa County Transportation Planning Agency
NII	National Infrastructure Investment
NHS	National Highway System
NHPP	National Highway Performance Program
NWPRR	Northwestern Pacific Railroad
NVTA	Napa Valley Transportation Authority
OA	Obligation Authority
OC, O/C	Overcrossing
PBA	<i>Plan Bay Area</i> (MTC's 2013 RTP)
PCC	Portland Cement Concrete

Abbreviation	Meaning
PE	Preliminary Engineering
PEPRA	California Public Employees' Pension Reform Act
PLH	Public Land Highway
PM	Postmile
PNRS	Projects of National or Regional Significance
PS&E	Plans, Specifications, and Estimates
PTAP	Pavement Technical Assistance Program
RBP	Regional Bicycle/Pedestrian
ROW, R/W, RW	Right of Way
RTP	Regional Transportation Plan
RTPA	Regional Transportation Planning Agency
S/B	Southbound
S/O	South of
SAFETEA	Safe, Accountable, Flexible, Efficient Transportation Equity Act
SamTrans	San Mateo County Transit District
SC, SCL	Santa Clara
SCTA	Sonoma County Transportation Authority
SF	San Francisco
SFMTA	San Francisco Municipal Transportation Agency
SFCTA	San Francisco County Transportation Authority
SGR	State of Good Repair
SHOPP	State Highway Operations and Protection Program
SM	San Mateo
SR	State Route
SRTS, SR2S	Safe Routes to Schools
STA	Solano Transportation Authority
STIP	State Transportation Improvement Program
STP	Surface Transportation Program
T-2035	Transportation 2035 (MTC's 2009 RTP)
TA	Transit Authority/ Transportation Authority
TAM	Transportation Authority of Marin
TAP	Transportation Alternative Program
TBJPB	Transbay Joint Powers Board
TC	Toll Credits
TCA	Transit Capital Assistance
TCP	Transit Capital Priorities
TD	Transit District
TE	Transportation Enhancements
TEA	Transportation Enhancement Activities
TETAP	Traffic Engineering Technical Assistance Program
TIP	Transportation Improvement Program
TIGERII	Transportation Investment Generating Economic Recovery Cycle 2
TMC	Traffic Management Center

Abbreviation	Meaning
TMP	Traffic Management Plan
TOS	Traffic Operations System
UA, UZA	Urbanized Area
UC, U/C	Undercrossing
VPP	Value Pricing Parking
VTA	Santa Clara Valley Transportation Authority
W/B	Westbound
W/O	West of
Westcat	Western Contra Costa Transit Authority
WETA	Water Emergency Transportation Authority
ZEB	Zero-Emissions Bus
