RE: Annual Listing of Federally Obligated Projects for Federal Fiscal Year 2017-18

Title 23 CFR 450.334 requires the Metropolitan Transportation Commission to publish a listing of projects using federal funds obligated in the previous federal fiscal year. The Annual Listing of Federally Obligated Projects ("Annual Listing") provides a record of project delivery and promotes awareness of federal spending on transportation projects.

The Annual Listing includes explanatory text, as well as summary listings by categories such as mode, system, and fund source. Additionally, the Annual Listing includes a glossary of the commonly used abbreviations and acronyms to help the public better understand the listing.

The Fixing America's Surface Transportation (FAST) Act also encourages cooperation among the state department of transportation (Caltrans), public transit operators, and MTC to develop this Annual Listing. As a part of our development process, MTC distributed the draft Annual Listing to the Bay Area Partnership Working Groups and stakeholders for review and comment.

This report was developed using data sourced from both Caltrans and MTC. For the last federal fiscal year (October 1, 2017 through September 30, 2018), the region obligated approximately \$1,427 million in federal transportation funds. The Annual Listing has two sub-listings: road and highway projects, and transit projects. Information for the road and highway project listing includes obligation of funds such as the Surface Transportation Block Grant Program (STP), the Congestion Mitigation and Air Quality Improvement (CMAQ) Program, the Active Transportation Program (ATP), and miscellaneous earmarks. The sources of this information are Caltrans and MTC. The second table, for transit, includes obligation of fund sources such as Federal Transit Administration Sections 5307, 5337 and 5309, and the source is MTC.

The enclosed document is available through the Internet at the MTC website:

<http://www.mtc.ca.gov/our-work/fund-invest/federal-funding/project-delivery>

Annual Listing of Federally Obligated Projects, FFY 2017-18  
December 28, 2018  
Page 2

If you have any questions regarding the Annual Listing, please contact Kenneth Kao of MTC's Programming and Allocations Section by phone at (415) 778-6768 or by e-mail at: [kkao@bayareametro.gov](mailto:kkao@bayareametro.gov).

Thank you for your interest in the FFY 2017-18 Annual Listing of Federally Obligated Projects.

Sincerely,

Anne Richman  
Director, Programming and Allocations

Nine-County San Francisco Bay Area Transportation Network

## About this Document

The Metropolitan Transportation Commission, as the Metropolitan Planning Organization (MPO) for the nine-county San Francisco Bay Area, is required by Title 23 CFR 450.334 to publish a listing of projects that obligated federal transportation funds in the previous federal fiscal year.

The purpose of this document is to provide a record of project delivery, increase public awareness of government spending on transportation projects, and demonstrate continued coordination between the various agencies responsible for implementing the projects programmed in the region's Transportation Improvement Program, or TIP, including MTC, the California Department of Transportation (Caltrans), the nine Bay Area Congestion Management Agencies (CMAs), and the various regional public transportation operators.

### Obligation

- The term obligation means that a project sponsor has received federal authorization to begin work on a phase of a project and a commitment from the federal government to reimburse the project sponsor for eligible expenses.
- A project that has obligated funds during the year was not necessarily completed or initiated during the year.
- The amount of funds obligated on a project in this federal fiscal year is not necessarily representative of the total funds programmed this federal fiscal year.

This document is available for download on the MTC website at <http://mtc.ca.gov/our-work/fund-invest/federal-funding/project-delivery>.

## About the Metropolitan Transportation Commission

Created by the state Legislature in 1970 (California Government Code § 66500 *et seq.*), the Metropolitan Transportation Commission (MTC) is the transportation planning, coordinating and financing agency for the nine-county San Francisco Bay Area. The Commission's work is guided by a 21-member policy board.

## Federal Framework

Over the years, state and federal laws have given MTC an increasingly important role in financing Bay Area transportation improvements. At the federal level, MTC became the designated recipient of FTA Formula Funds in 1975 and with the passage of the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991, Metropolitan Planning Organizations (MPOs) like MTC have been responsible for selecting the mix of transportation projects best suited to meet their region's needs.

- Fixing America's Surface Transportation (FAST) Act:  
Congress reaffirmed MPOs' role in transportation financing in 2015 with the passage of the most recent federal transportation authorization, the Fixing America's Surface Transportation (FAST) Act. The FAST Act was effective October 1, 2015.

This annual obligation listing report covers the third year of the FAST Act through Federal Fiscal Year (FFY) 2017-18 (October 1, 2017 – September 30, 2018).

### Regional Transportation Plan: Plan Bay Area

MTC is responsible for adopting the Bay Area's Regional Transportation Plan and Sustainable Communities Strategy (RTP/SCS). The current RTP/SCS, known as *Plan Bay Area 2040*, was adopted by the Commission on July 26, 2017.

The plan establishes the long-range goals for the region, and identifies a set of investments and strategies to implement them. Updated every four years to reflect new planning priorities and changing projections of growth and travel demand, the long-range plan must be based on a realistic forecast of future revenues. Taken as a whole, the projects included must also help improve regional air quality. *Plan Bay Area 2040* can be found at the MTC website at <http://mtc.ca.gov/our-work/plans-projects/plan-bay-area-2040/plan-bay-area>.

#### **Federal Funding in *Plan Bay Area 2040***

A variety of sources of funding are required to fund the set of investments included in the plan. Over the 24-year period of *Plan Bay Area 2040* (2017-2040), federal funds represent approximately \$29 billion, or 10% of the revenues for Bay Area's planned \$303 billion investment package.

As a reminder, this obligation report is limited to federal funds and does not include all revenues that have been expended on transportation in a given year.

### Transportation Improvement Program

With the long-range plan in place, the Transportation Improvement Program, or TIP, serves as a short range programming document for the projects to be undertaken in the next few years. The TIP sets forth the region's investment priorities for transit and transit-related improvements, highways and roadways, bicycle and pedestrian, and other surface transportation improvements in the nine-county San Francisco Bay Area. Only projects consistent with the regional transportation plan's financially-constrained list may be placed in the TIP for federal funding. In addition, in order for a project to obligate federal funds, the project's funding must be included in the TIP.

#### **Projects in the TIP**

The TIP is a comprehensive listing of all Bay Area transportation projects that receive federal funds, are regionally significant, or are subject to a federally-required action such as a review for impacts on air quality.

MTC's TIP for the San Francisco Bay Area can be found online at: <http://mtc.ca.gov/our-work/fund-invest/transportation-improvement-program>.

By law, the TIP must be adopted at least once every four years, cover at least a four-year period, and contain a priority list of projects grouped by year. Further, the TIP must be financially constrained by year (meaning that the amount of dollars programmed must not exceed the amount of dollars estimated to be available). Federal regulations also require an opportunity for public comment prior to TIP approval.

The 2017 TIP, which covers federal fiscal years 2016-17 through 2019-20, was approved by the Federal Highway Administration and Federal Transit Administration on December 16, 2016.

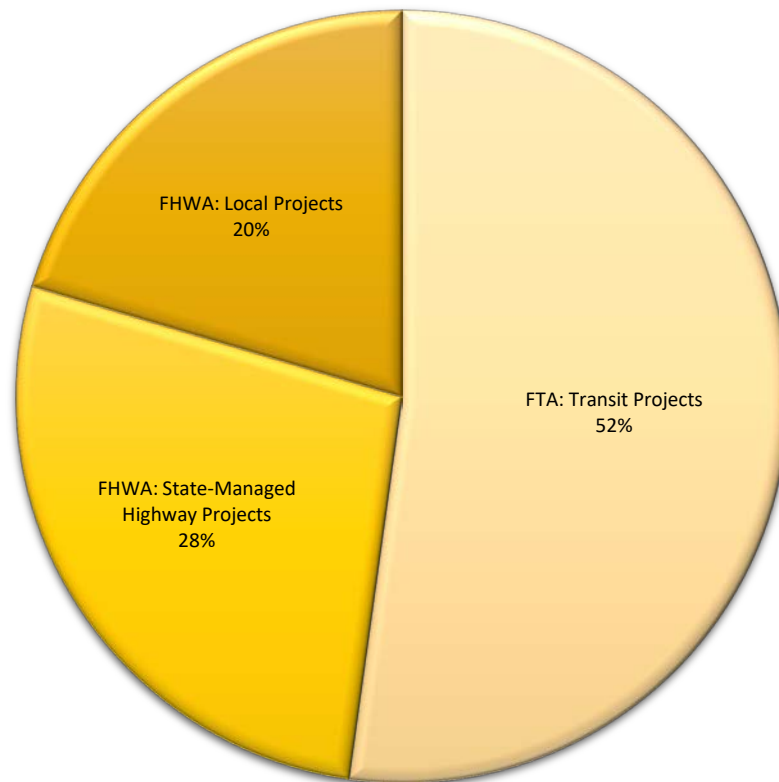

### Annual Obligated Project Listing Summary

This annual listing shows that approximately \$1,427 million of federal funds were obligated in the MTC region in FFY 2017-18, less than the \$1,700 million obligated in FFY2016-17. Of the \$1,427 million obligated, over half (52%), or \$745 million, was obligated by the Federal Transit Administration (FTA) for transit projects. The remaining portion of funds (48%) were obligated by the Federal Highway Administration (FHWA) for highway, local road, bicycle and pedestrian facilities, and air quality projects. Of the \$1,427 million obligated, the California State Department of Transportation (State-Managed) obligated 28% for state highway related projects and the Local agencies obligated another 20% for local projects on and off the state highway system.

Chart A-1 illustrates the breakdown of obligations by obligating agency, rounded to the nearest million.

### A-1: MTC-Region Federal Obligations, FFY 2017-18

Obligating Agency	Total Obligations*	Percent of Total*
Federal Transit Administration: Transit	\$745 million	52%
Federal Highway Administration: State-Managed Highway Projects	\$392 million	28%
Federal Highway Administration: Local Projects	\$290 million	20%
Total	\$1,427 million	100%

\*Totals are approximate due to rounding

**A-2 MTC-Region Federal Obligations by County, FFY 2017-18**

County	Total Obligations*	Percent of Total*
Alameda	\$304 million	21%
Contra Costa	\$55 million	4%
Marin	\$87 million	6%
Napa	\$37 million	3%
San Francisco	\$237 million	17%
San Mateo	\$229 million	16%
Santa Clara	\$231 million	16%
Solano	\$43 million	3%
Sonoma	\$58 million	4%
Other (BART/ Regional/ Statewide)	\$146 million	10%
Total	\$1,427 million	100%

\*Totals are approximate due to rounding

Chart A-2 above shows all federal obligations, FHWA and FTA combined, in the MTC region, broken down by county, rounded to the nearest million. Alameda County obligated the largest amount of federal funding (FHWA/ FTA) in FFY2017-18 with 21% of all federal funds with the majority being awarded through the FHWA State-Managed and Local projects, though some of the funds are projects serving multiple counties.

### A-3 MTC-Region Federal Obligations by System, FFY 2017-18

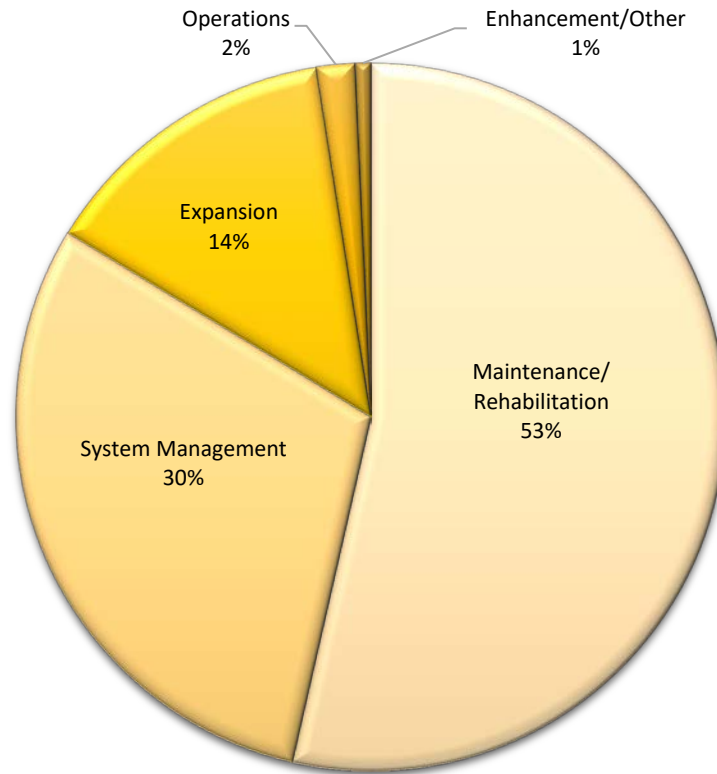

System	Total Obligations*	Percent of Total*
Transit	\$769 million	54%
State Highway	\$455 million	32%
Local Road	\$144 million	10%
Regional	\$29 million	2%
Tollway	\$29 million	2%
Other (Public Land/Trail/Port/Freight Rail)	\$1 million	<1%
Total	\$1,427 million	100%

\*Totals are approximate due to rounding

Chart A-3 above shows all federal obligations in the MTC region, broken down by system, rounded to the nearest million. To assist with the region's transportation needs, projects included in the TIP are classified by one of the following systems: Transit, State Highway, Local Road, Regional, Tollway, Public Land/Trail, and Port/Freight-Rail. Transit projects received the most obligations for FFY2017-18 at 54%, or \$769 million of all federal obligations. State highway projects received 32%, local road projects received 10%, and Regional & Tollway each received 2% of the obligations. The remaining FFY 2017-18 federal obligations were for projects categorized as "Other <1%" and include systems that total less than 1% within their respective category, i.e., Public Land/ Trail, Port/Freight Rail systems.

### A-4: MTC-Region Federal Obligations by Purpose, FFY 2017-18

Purpose	Total Obligations*	Percent of Total*
Maintenance/ Rehabilitation	\$765 million	53%
System Management	\$430 million	30%
Expansion	\$197 million	14%
Operations	\$25 million	2%
Enhancement/Others	\$10 million	1%
Total	\$1,427 million	100%

\*Totals are approximate due to rounding

Chart A-4 above illustrates all obligations in the MTC region, broken down by purpose, rounded to the nearest million. Projects are associated with a purpose to assist in identifying infrastructure needs as a whole and funding eligibility.

In FFY2017-18 over half of all federal investments (53%) were used to support the ongoing maintenance and rehabilitation needs of the region's transportation infrastructure. The remainder of obligations applied to system management, expansion, operations, and enhancement or other projects.

### A-5: MTC-Region Federal Obligations by Mode, FFY 2017-18

Mode	Total Obligations*	Percent of Total*
Auto	\$557 million	39%
Rail	\$507 million	35%
Bus	\$226 million	16%
Bike/Ped	\$73 million	5%
Ferry	\$28 million	2%
Planning	\$26 million	2%
Freight	\$10 million	1%
Total	\$1,427 million	100%

\*Totals are approximate due to rounding

Chart A-5 illustrates all obligations in the MTC region, broken down by mode, rounded to nearest million. The modes tracked are Auto, Rail, Bus, Bike/Pedestrian, Ferry, Planning & Freight. In FFY 2017-18, funds benefitting primarily Auto projects received the most obligations at approximately 39%, or \$557 million, of all obligations. Rail projects received \$507 million of all investments, with the remainder of investments focused on bus, bike/pedestrian, ferry, planning and freight needs.

## Annual Obligated Projects Listing Explanation

There are two tables included in the listing at the end of this report:

- Table 1: FHWA State and Locally-Managed Projects obligated, sorted by county, implementing agency, Federal Project Number and obligation date. This list includes projects from fund sources such as Surface Transportation Block Grant Program (STP), Congestion Mitigation Air Quality Improvement (CMAQ), and Federal High-Priority earmarks. State-managed projects include funds obligated by Caltrans for work on the state highway system, and include fund sources such as Emergency Relief (ER), National Highway Performance Program (NHPP), and Highway Safety Improvement Program (HSIP) funds.

Surface Transportation Block Grant Program Flexible (STP+), Congestion Mitigation Air Quality Improvement Flexible (CMAQ+) transferred by FHWA, but not yet awarded in an FTA grant are listed on this table.

- Table 2: FTA Transit obligations, sorted by county, transit operator, grant number, grant date, and program.

The columns in the listing include:

- TIP ID, the identification code for the project in MTC's TIP. State-Managed (Caltrans) projects do not have this field available, and are noted by a "N/A" or a Caltrans Expenditure Authorization (EA) ID in that field.
- Project Title and Description
- Fund Source, indicating the obligated fund source
- Federal Project Number (FPN), indicating the federal project identification code (for FTA obligations, this is the grant number)
- Total Obligation Amount, rounded to the nearest dollar. Negative numbers indicate a de-obligation, where the federal funding commitment is no longer needed for the project either due to not meeting federal deadlines or due to project closeout. For additional information, please contact Caltrans or the project sponsor.
- Obligation Date, indicating the date FHWA (or FTA) obligated the funds
- Future Funding (by TIP ID), the amount programmed in the current TIP, rounded to the nearest dollar;
  - These amounts were current in the 2017 TIP as of November 30, 2018.
  - Please note that if there are multiple obligations for each TIP ID, the future funding amount will also be displayed multiple times as it is listed by TIP ID.

Caltrans may have additional information regarding the obligations they manage. Many of the funds Caltrans obligates for the State Highway System are programmed in the TIP and obligated at the beginning of the year as a lump sum.

### The Use of Toll Credits (TC)

Federal-aid highway projects typically require the project sponsors to provide a certain amount of non-federal funds as match to the federal funds. For example, STP-funded projects require a minimum of 11.47% of non-federal match funds. Through the use of toll credits, the non-federal share match requirement can be met by applying an equal amount of toll credit and therefore allow a project to be funded with up to 100% federal funds for federally participating costs.

The amount of credit a state can earn is determined by the amount of toll revenue used for capital expenditures to build or improve public highway facilities. Once a credit amount is appropriately established, this credit will remain available until used by the state. The state is required to track the use of toll credit on a project-by-project basis and report such use to FHWA on a regular basis.

### Listing of Commonly Used Abbreviations

Below is a listing of commonly-used abbreviations in this document and their meanings.

Abbreviation	Meaning
ALA	Alameda
AC	Advance Construction
AC Transit	Alameda-Contra Costa Transit District
ACCMA	Alameda County Congestion Management Agency
ACTC	Alameda County Transportation Commission
ADA	Americans with Disabilities Act
ARRA	American Recovery and Reinvestment Act
ATP-REG	Active Transportation Program – Regional Program
ATP-ST	Active Transportation Program – State Program
BAAQMD	Bay Area Air Quality Management District
BART	Bay Area Rapid Transit District
BR	Bridge
BRT	Bus Rapid Transit
Caltrain/JPB	Caltrain / Peninsula Joint Powers Board
Caltrans	California Department of Transportation
CC	Contra Costa
CCAG	[San Mateo] Cities/County Associated Governments
CCCTA	Central Contra Costa Transit Authority
CCTA	Contra Costa Transportation Authority
CCTV	Closed-Circuit Television
C.F.R.	Code of Federal Regulations
CHP	California Highway Patrol
CMA	Congestion Management Agency
CMAQ	Congestion Mitigation and Air Quality Improvement
CO	County
CON	Construction
DPW	Department of Public Works
E/B	Eastbound
E/O	East of
EA	Expenditure Authorization
EBRPD	East Bay Regional Parks District
ECCTA	Eastern Contra Costa Transit Authority
ENV	Environmental
ER	Emergency Relief (or Response)
Fed Disc	Federal Discretionary
FFY	Federal Fiscal Year
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
FTA 5307	Federal Transit Administration section 5307 Urbanized Area
FTA 5307 TCP	Federal Transit Administration section 5307 Transit Capital Priorities
FTA 5309 FG	Federal Transit Administration section 5309 Fixed Guideways

Abbreviation	Meaning
FTA Ear 5309 Bus	Federal Transit Administration section 5309 Earmark – Bus
FTA Ear 5309 NS	Federal Transit Administration section 5309 Earmark – New Starts
FTA 5308 CF	Federal Transit Administration section 5308 Clean Fuel
FTA 5317 NF	Federal Transit Administration section 5317 New Freedom
FTA 5320 TIPP	Federal Transit Administration section 5320 Transit in Parks Program
FTA 5337 HIM	Federal Transit Administration section 5337 High Intensity Motorbus
FTA 5337 SGR	Federal Transit Administration section 5337 State of Good Repair
FTA 5339 Bus	Federal Transit Administration section 5339 Bus
FY	Fiscal Year
GGBHTD	Golden Gate Bridge, Highway, and Transportation District
HBP	Highway Bridge Program
HE	Hazard Elimination
HOT	High Occupancy – Toll
HOV	High Occupancy Vehicle
HPP	High Priority Program
HRRR, HR3	High Risk Rural Roads
HSIP	Highway Safety Improvement Program
I/C	Interchange
I/S	Intersection
IBRC	Innovative Bridge Research and Construction
IIP	Infrastructure Investment Program
IM	Interstate Maintenance
ISTEA	Intermodal Surface Transportation Efficiency Act
ITS	Intelligent Transportation Systems
JARC	Job Access and Reverse Commute
LAVTA	Livermore Amador Valley Transit Authority
LRT	Light Rail Transit
LTAP	Local Technical Assistance Plan
MAP-21	Moving Ahead for Progress in the 21st Century
MCTD	Marin County Transit District
MPO	Metropolitan Planning Organization
MTC	Metropolitan Transportation Commission
N/B	Northbound
N/O	North of
NCTPA	Napa County Transportation Planning Agency
NII	National Infrastructure Investment
NHS	National Highway System
NHPP	National Highway Performance Program
NWPRR	Northwestern Pacific Railroad
NVTA	Napa Valley Transportation Authority
OA	Obligation Authority
OC, O/C	Overcrossing
PBA	<i>Plan Bay Area 2040</i>

Abbreviation	Meaning
PCC	Portland Cement Concrete
PE	Preliminary Engineering
PLH	Public Land Highway
PM	Postmile
PNRS	Projects of National or Regional Significance
PPM	Planning, Programming, and Monitoring
PS&E	Plans, Specifications, and Estimates
PTAP	Pavement Technical Assistance Program
RBP	Regional Bicycle/Pedestrian
ROW, R/W, RW	Right of Way
RTP	Regional Transportation Plan
RTPA	Regional Transportation Planning Agency
S/B	Southbound
S/O	South of
SAFETEA	Safe, Accountable, Flexible, Efficient Transportation Equity Act
SamTrans	San Mateo County Transit District
SC, SCL	Santa Clara
SCTA	Sonoma County Transportation Authority
SF	San Francisco
SFMTA	San Francisco Municipal Transportation Agency
SFCTA	San Francisco County Transportation Authority
SGR	State of Good Repair
SHOPP	State Highway Operations and Protection Program
SM	San Mateo
SR	State Route
SRTS, SR2S	Safe Routes to Schools
STA	Solano Transportation Authority
STIP	State Transportation Improvement Program
STP	Surface Transportation Block Grant Program
T-2035	Transportation 2035 (MTC's 2009 RTP)
TA	Transit Authority/ Transportation Authority
TAM	Transportation Authority of Marin
TAP	Transportation Alternative Program
TBJPB	Transbay Joint Powers Board
TC	Toll Credits
TCA	Transit Capital Assistance
TCP	Transit Capital Priorities
TD	Transit District
TE	Transportation Enhancements
TEA	Transportation Enhancement Activities
TETAP	Traffic Engineering Technical Assistance Program
TIP	Transportation Improvement Program
TIGERII	Transportation Investment Generating Economic Recovery Cycle 2
TMC	Traffic Management Center

Abbreviation	Meaning
TMP	Traffic Management Plan
TOS	Traffic Operations System
UA, UZA	Urbanized Area
UC, U/C	Undercrossing
VPP	Value Pricing Parking
VTA	Santa Clara Valley Transportation Authority
W/B	Westbound
W/O	West of
Westcat	Western Contra Costa Transit Authority
WETA	Water Emergency Transportation Authority
ZEB	Zero-Emissions Bus
