RE: MTC TIP Revision No. 2015-31 – Administrative Modification

Dear Mr. Aljabiry:

Please be advised that MTC recently made several changes to the 2015 Federal Transportation Improvement Program (TIP). TIP Revision No. 2015-31 revises 9 projects with a net increase in funding of approximately \$6 million. Among other changes, this revision:

- Updates the funding plans of seven Surface Transportation Program/Congestion Mitigation and Air Quality Improvement Program funded projects to reflect the latest programming decisions including the addition of \$2.9 million available through the Transit Performance Initiative Incentive Program;
- Updates the funding plans of two projects funded with Federal Transit Administration formula funds to reflect changes in the Fiscal Year 2014/15 and 2015/16 Transit Capital Priorities Programs or Projects.

The administrative modification is financially constrained by year and MTC relies on the State's programming capacity in the amount of \$172,000 in Proposition 1B funds.

The TIP revision entries have been emailed to your staff. MTC's 2015 TIP, as revised with Revision No. 2015-31, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in the SIP.

The projects that are included in this administrative modification are not included in any other amendment that is open for public review. MTC's 2015 TIP, including the proposed Revision No. 2015-31, is consistent with metropolitan transportation planning regulations per 23 Code of Federal Regulations Part 450 and conforms to MTC's Regional Transportation Plan (Plan Bay Area).
