

# Transportation Control Measure (TCM) Workshop

**2003-09-30 09:00:00.0**

Purpose of the workshop: Federal and state air quality plans for ozone are being updated, and discussion of new control strategies is taking place at the Ozone Working Group meetings hosted by the Air District, ABAG, and MTC. As part of this process, MTC is considering new transportation control strategies to reduce motor vehicle emissions. This workshop will provide an additional opportunity for those interested in Transportation Control Measures to learn about the results of the evaluation to date and make additional suggestions for consideration.

*This agenda was updated 2005-05-23 17:31:11.0. It is accurate to the best of our knowledge at that time.*
