RE: MTC TIP Revision No. 2017-02 – Administrative Modification

Dear Mr. Aljabiry:

Please be advised that MTC recently made several changes to the 2017 Federal Transportation Improvement Program (TIP). TIP Revision No. 2017-02 revises six projects with a net increase in funding of \$544,852. Among other changes, this revision:

- Updates the funding plans of five federally funded projects to reflect actual and planned obligations and Federal Transit Administration grants; and
- Updates the funding plan and back-up listing of the Highway Safety Improvement Program (HSIP) funded grouped listing to reflect the latest programming information from Caltrans related to projects that had unobligated funding from federal fiscal year 2015-16, including the addition of \$399,340 in HSIP funds and \$145,512 in local funds.

The administrative modification is financially constrained by year and MTC relies on the State's programming capacity in the amount of \$399,340 in HSIP funds.

The TIP revision entries have been emailed to your staff. MTC's 2017 TIP, as revised with Revision No. 2017-02, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in the SIP.

The projects that are included in this administrative modification are not included in any other amendment that is open for public review. MTC's 2017 TIP, including the proposed Revision No. 2017-02, is consistent with metropolitan transportation planning regulations per 23 Code of Federal Regulations Part 450 and conforms to MTC's Regional Transportation Plan (Plan Bay Area).

Sincerely,

Alix A. Bockelman
