RE: MTC TIP Revision No. 2017-34 – Amendment

Dear Mr. De Terra:

Please be advised that MTC recently made several changes to the 2017 Federal Transportation Improvement Program (TIP). TIP Revision No. 2017-34 revises 9 projects with a net increase in funding of approximately \$33.4 million. Among other changes, this revision:

- Adds one new exempt project, deletes one project, and updates the funding plan of one project to reflect changes in the One Bay Area Grant Programs 1 and 2 Regional and County Programs;
- Updates two projects to reflect the adoption of the 2018 State Transportation Improvement Program; and
- Updates the funding plans and back-up listings of three grouped listings to reflect the latest information from Caltrans.

The modifications made pursuant to this revision do not require a new regional emissions analysis because the projects were found to conform as a part of a previous analysis, pursuant to the transportation conformity provisions found in 40 CFR Part 93 section 122(g).

MTC's 2017 TIP, as revised with TIP Revision No. 2017-34, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in the SIP.

The investments described in MTC's 2017 TIP, as revised with TIP Revision No. 2017-34, make progress toward achieving the performance targets set by the region in accordance with the applicable provisions and requirements of 23 CFR Part 450. A review of MTC's performance management process is included in the attached revision packet.

TIP financial constraint documentation submitted with this revision shows that MTC's TIP is financially constrained as required by the federal surface transportation programs authorizing legislation and statewide and metropolitan planning and programming regulations.

Bruce De Terra
TIP Revision 2017-34
May 23, 2018
Page 2

MTC's 2017 TIP, including Revision No. 2017-34, was developed through a continuing, cooperative, comprehensive transportation planning process in accordance with 23 U.S.C. §134 and 49 U.S.C. Chapter 53 and MTC's Public Participation Plan. The TIP public participation process also serves to satisfy the public involvement requirements of the FTA annual Program of Projects, for applicable funds.

The revised TIP entries, updated fiscal constraint documentation and information presented to the Commission pertaining to the region's performance management process have been emailed to your staff and have been posted at MTC's TIP website at: <http://mtc.ca.gov/our-work/fund-invest/transportation-improvement-program>. If you have any questions regarding this revision, please contact Adam Crenshaw of my staff at (415) 778-6794 or Karl Anderson at (415) 778-6645.

Sincerely,

Alix A. Bockelman
Deputy Executive Director, Policy
