

**American Rescue Plan Act of 2021  
 MTC Staff Summary of Transit Provisions**

On March 11<sup>th</sup> President Biden signed into law the American Rescue Plan Act of 2021 (ARP), a wide-ranging \$1.9 trillion coronavirus relief package that includes a new infusion of state and local aid, another round of much-needed transit emergency relief, and additional housing assistance, among other provisions. The transit components of the package are described below.

*Transit Emergency Relief*

Another influx of transit relief — \$30.5 billion — is included in the American Rescue Plan of 2021, which would bring the federal transit COVID relief total to \$69.5 billion, nearly 15 percent more than the entire transit budget from the 5-year FAST Act. This indicates just how devastating the pandemic has been to transit operators’ budgets and the importance Congress is placing on preserving transit service through the rest of the pandemic and into the economic recovery. As shown in the chart below, the proposal provides the Bay Area with approximately \$1.7 billion in formula funding, a portion of which is expected to flow to every urbanized area (UZA) in the region. In addition, the package provides \$162 million for Caltrain Electrification (\$52 million), BART Transbay Core Capacity (\$87 million), and the Central Subway (\$23 million), and includes the opportunity to apply for \$2.2 billion in other emergency relief funds.<sup>1</sup> Additional details are provided on the following pages.

<b>Bay Area’s Share of ARP Transit Funds</b> (\$ in millions)			
<b>Funding Category</b>	<b>National</b>	<b>Bay Area</b>	<b>Notes</b>
Urban Formula Funds (5307)	\$26,087	\$1,677	See page 2 for details.
Capital Investment Grants New Starts/Core Capacity	\$1,425	\$162	See above for project list.
Capital Investment Grants Small Starts	\$250	\$ -	No Bay Area projects qualify
Rural Formula Funds (5311)	\$317	\$1.5 (estimated)	Estimate assumes Bay Area would receive 5.4% of the state's \$27 million share, consistent with previous year’s 5311 allocations
Enhanced Mobility of Seniors & Individuals with Disabilities (5310)	\$50	\$1 (estimated)	Large UZAs to receive about \$1 million, small UZAs and non-UZAs will receive portion of state's \$1.4 million.
Operating Assistance Grants	\$2,207	TBD	Funds awarded based on level of additional financial need.
Other (private bus, planning)	\$125	TBD	\$25 million reserved for service restoration planning
<b>Total</b>	<b>\$30,461</b>	<b>\$1,842</b>

<sup>1</sup> Project-specific funding amounts are unofficial estimates from Eno Transportation Weekly’s Week of March 1, 2021 publication. Official Federal Transit Administration runs are pending.

**American Rescue Plan Act Summary**

**March 16, 2021**

**Page 2 of 2**

Formula Funds

We estimate that each Bay Area urbanized area would each receive funds under the large urbanized area formula pot, which comprises \$26 billion of the total amount. As a reminder, the last coronavirus relief bill capped COVID relief funding to urbanized areas at the equivalent of 75 percent of their 2018 operating expenses, which limited the Bay Area’s qualifying urbanized areas to San Francisco-Oakland, San Jose and Santa Rosa. This bill would raise that cap from 75 percent of 2018 operating costs to 132 percent, which would be a substantial boost for most of the region’s urbanized areas. Even urbanized areas that already exceed the cap (Vacaville, Gilroy-Morgan Hill and Livermore), would receive a boost equal to 25 percent of 2018 operating costs.

<b>Bay Area Urbanized Area Formula Aid</b>	
(\$ in millions)	
<b>Urbanized Area</b>	<b>ARP Funds</b>
San Francisco-Oakland, CA	\$1,250
San Jose, CA	\$259
Concord, CA	\$96
Santa Rosa, CA	\$27
Antioch, CA	\$26
Vallejo, CA	\$7
Napa, CA	\$4
Fairfield, CA	\$3
Petaluma, CA	\$2
Vacaville, CA	\$0.8
Gilroy-Morgan Hill, CA	\$0.7
Livermore, CA	\$0.5
<b>Total*</b>	<b>\$1,677</b>

\*Totals may not add due to rounding

The bill provides \$317 million nationwide for rural area formula grants and \$50 million in Enhanced Mobility for Seniors and Individuals with Disabilities (Section 5310) formula grants; we estimate Bay Area transit operators shares will be approximately \$1.5 million and \$1 million, respectively.

Discretionary Operating Assistance Grants

The Federal Transit Administration (FTA) is authorized to award an additional \$2.21 billion in operating assistance grants to transit operators who, because of COVID-19, require additional assistance for costs related to operations, personnel, cleaning, sanitization, and debt service payments incurred to maintain operations and avoid layoffs and furloughs. Applicants must provide:

- 1) Estimates of financial need;
- 2) Data on reductions in farebox or other local revenue;
- 3) A spending plan for such funds; and
- 4) Demonstration of expenditure of more than 90 percent of COVID-19 funds available to the applicant in fiscal year 2020 (i.e., the CARES Act).

FTA must evaluate grant requests based on the level of demonstrated financial need, including future financial need to maintain service as a percentage of 2018 operating costs that has not been replaced by the emergency COVID aid operators received via formula (ARP, CARES Act and CRRSAA). The bill requires FTA to issue a Notice of Funding Opportunity for these operating assistance grants by mid-September, 2021 (within 180 days of the date of enactment of the bill, which was March 11<sup>th</sup>) and issue awards no later than January 2022.
