

Bay Area Infrastructure Financing Authority

Notice of Public Hearing

The Bay Area Infrastructure Financing Authority (BAIFA) proposes to adopt a Toll Facility Ordinance for high-occupancy vehicle (carpool) lanes in Alameda County, Contra Costa County, and Solano County that will be operated by BAIFA as express lanes (BAIFA toll facilities).

Express lanes are high-occupancy vehicle (carpool) lanes that also allow any driver to choose to pay a toll to use the lanes during high-occupancy vehicle (carpool) hours of operation. BAIFA's express lanes on I-680 between Walnut Creek and San Ramon are currently under construction and are expected to begin operations in 2017. Additional express lanes will be constructed and operated by BAIFA in Alameda County, Contra Costa County, and Solano County in the future.

The purpose of this ordinance is to establish tolls and a toll collection process for the BAIFA toll facilities, to establish civil penalties for the evasion of those tolls or noncompliance with other policies set forth in the ordinance, and to establish a program that addresses how motorists can enroll and participate in BAIFA's toll facility program.

BAIFA is a joint powers authority of the Metropolitan Transportation Commission (MTC) and the Bay Area Toll Authority (BATA). BAIFA is authorized by California Streets and Highways Code Section 149.7 and California Vehicle Code Section 40250 *et seq.* to adopt the ordinance and construct and operate the express lanes.

BAIFA will hold two public hearings to receive oral testimony and written comments about the proposed ordinance. On June 15, 2016, the proposed ordinance was posted on MTC's website (www.mtc.ca.gov), and copies were made available by the clerk of BAIFA for public inspection at MTC's offices at the Bay Area Metro Center, 7th Floor Receptionist, 375 Beale Street, San Francisco, California, 94105. Copies will also be available at the hearings.

The first public hearing was held on Wednesday, June 22, 2016, during BAIFA's regular meeting in the Board Room at the Bay Area Metro Center in San Francisco, California. The proposed ordinance was introduced at that meeting. The second public hearing will be held during BAIFA's regular meeting on:

Wednesday, July 27, at 9:30 a.m.

at

Oral testimony will be received until the close of the public hearing on July 27, 2016.
