Re: MTC's Federal Fiscal Year (FFY) 2018-19 Annual Obligation Plan

Dear Mr. Zhang:

The Metropolitan Transportation Commission (MTC) is submitting the FFY 2018-19 Annual Obligation Plan for the following funding programs for the San Francisco Bay Area:

- Regional Surface Transportation Program (RSTP)
- Congestion Mitigation and Air Quality Improvement (CMAQ)
- Local Highway Safety Improvement Program (HSIP)
- Regional Transportation Improvement Program (RTIP)
- Active Transportation Program (ATP)

The region expects to deliver roughly 138 local federal-aid projects (or project phases) totaling roughly \$251 million in these programs. The table below shows the expected obligations against estimated apportionments.

This obligation plan was developed with the assumption that Caltrans already has delivery information for the Local Bridge Program based on periodic sponsor surveys.

With regards to the RSTP and CMAQ funding, MTC expects to deliver roughly \$164 million, which is 107 percent of our estimated \$153 million FFY 2018-19 apportionment (including Calaveras and Mariposa CMAQ exchanges and prior-year negative carryover balance) and 104 percent of our expected FFY 2018-19 Obligation Authority (OA) target for RSTP/CMAQ (not including prior year negative carryover balance or August OA redistribution). This plan depends on the ability of MTC to advance future OA against other region's unused funds and capturing unused OA from other states (August OA redistribution).

The attached project list is our best estimate of FFY 2018-19 obligations as of October 1, 2018, and as always, is subject to change. Our annual obligation plan contains projects expected to be obligated during the entire fiscal year, not just those projects to be obligated after April 1, 2019. We hope this complete list provides the Department with an overall picture of the region's delivery commitment and priorities for the entire federal fiscal year. MTC will provide an updated plan by April 1, 2019.

STP/CMAQ projects on this list have priority for funding until our obligation deadline of January 31. After January 31 it is first-come-first served with regards to obligating against available STP/CMAQ apportionment and OA within the MTC region. Any STP/CMAQ project may be advanced after January 31 using the Expedited Project Selection Process (EPSP).

In developing this obligation plan we constrained the total amount to roughly the amount of new and carryover apportionment expected to be available to the region. We fully expect project sponsors to request obligations for additional projects. This will of course be contingent upon the availability of extra apportionment and OA. We expect to run out of both apportionment and OA for STP/CMAQ projects in the spring of 2019.

Starting in fiscal year 2010-11, MTC expanded its project delivery and monitoring efforts to include the local HSIP program managed by Caltrans, and starting, in fiscal year 2016-17, the regional obligation deadline was advanced from April 30 to January 31. Our intent is to apply our regional delivery deadlines to all FHWA-formula funds programmed to local projects in MTC's federal Transportation Improvement Program (TIP). This is consistent with, and in response to Caltrans' effort to have the local federal-aid programs deliver earlier in the fiscal year. We appreciate the Department's support of our regional January 31 obligation deadline for all local FHWA-administered funds programmed in the current fiscal year of the federal TIP.

RSTP/CMAQ/RTIP/HSIP/ATP Obligation Commitments and Priorities for FFY 2018-19 As of October 1, 2018

FFY 2018-19	RSTP	CMAQ	RSTP/CMAQ Sub-Total	HSIP **	STIP	ATP	Total
(amounts in millions)							
FFY 2018-19 Apportionment *	\$84.52	\$68.80	\$153.32	\$13.15	\$41.70	\$31.88	\$240.05
Obligations (Planned)	\$90.98	\$73.05	\$164.03	\$13.15	\$41.70	\$31.88	\$250.76
Apportionment Balance after Obligations	(-\$6.46)	(-\$4.25)	(-\$10.71)	\$0.00	\$0.00	\$0.00	(-\$10.71)

* Estimated apportionment based on FFY 2018-19 estimates provided by Caltrans Programming, plus CMAQ exchanges with Calaveras and Mariposa, minus our negative carryover balance from FY 2017-18.

** HSIP delivery based on due dates listed in latest HSIP project listing dated July 10, 2018. Caltrans may have more accurate information on this program.

Mr. Rihui Zhang
MTC FFY 2018-19 Obligation Plan
