

## Southgate Road Realignment Project

### **Important Update Regarding Bicycle/Pedestrian Access through Mid-November 2021:**

Due to unforeseen construction conditions encountered during construction of the new bicycle path on Yerba Buena Island as part of the Southgate Road Realignment Project there will be **no bicycle or pedestrian access** between Yerba Buena Island and Treasure Island until Mid-November 2021. This means **no** access on weekdays, weekends and holidays through Mid-November 2021.

### **Access to Vista Point on Yerba Buena Island:**

Vista Point is a scenic public area on YBI that is frequented by cyclists and pedestrians as they complete their westward trek across the Eastern Span of the Bay Bridge.

Through Mid-November 2021 the Vista Point recreational center at Yerba Buena Island will be closed due to construction as part of the San Francisco County Transportation Authority's (SFCTA) Southgate Road Realignment Project. The closure will begin just beyond the end of the Bicycle/Pedestrian "Landing" from the San Francisco/Oakland Bay Bridge (Bay Bridge) on Yerba Buena Island (YBI).

This closure does NOT impact the use of the Bicycle/Pedestrian Path between Oakland and Yerba Buena Island.

Since the current Vista Point area has restroom facilities for the public which will not be available during the closure, temporary restroom facilities (including a hand washing station) will be provided just beyond the "Landing" at the Bicycle/Pedestrian Path from the Bay Bridge.

#### Bicyclists

*Until Mid-November 2021 the following schedule applies:*

During weekdays, weekends and holidays there will be **no bicycle access** between Yerba Buena Island and Treasure Island along Macalla Road. There will also be no access to Vista Point during this period. Temporary restroom facilities are available where the Bay Bridge bicycle/pedestrian path meets Yerba Buena Island.

#### Pedestrians

*Weekdays, Weekends, and Holidays:*

Since there are no pedestrian facilities along Macalla Road, there will be **no pedestrian access** along Macalla Road between Yerba Buena Island and Treasure Island at any time. There will also be no access to Vista Point during this period. Temporary restroom facilities are available where the Bay Bridge bicycle/pedestrian path meets Yerba Buena Island.

### **About the Southgate Road Realignment Project:**

The Southgate Road Realignment Project will realign Southgate Road, the critical local connection between the I-80 westbound and eastbound on- and off-ramps and reconstruct/reopen the I-80 eastbound off-ramp to Yerba Buena Island. This construction project is part of a larger effort to replace and retrofit key roads and on- and off-ramps that connect the Bay Bridge and Yerba Buena Island.
