

Equity Priority Communities

American Community Survey 2014-2018 & 2018-2022

The Equity Priority Communities (tract geography) dataset is based upon eight demographic variables:

1. People of Color
2. Low-Income
3. Limited English Proficiency
4. Zero-Vehicle Households
5. Seniors 75 Years and Over
6. People with a Disability
7. Single-Parent Families
8. Rent-Burdened Households

If a tract exceeds both threshold values for Low-Income and People of Color shares OR exceeds the threshold value for Low-Income AND also exceeds the threshold values for three or more variables (#3 to #8), it is an Equity Priority Community.
