

MTC Active Transportation & Vision Zero Resources & Funding Opportunities

MTC Active Transportation Resources

MTC Staff Contact: Toshi Shepard-Ohta, tshepard-ohta@bayareametro.gov

Active Transportation & Vision Zero Regional Coordination Project

Materials will be posted on the web page after each workshop. To receive email updates on workshops, email Toshi Shepard-Ohta or Brian Xi. tinyurl.com/MTC-AT-VZ

Active Transportation Working Group

MTC's Active Transportation Working Group (ATWG) brings together MTC staff and other public agencies, public health professionals, transportation advocates, consulting firms, and mobility companies to work on active transportation and micromobility. tinyurl.com/ATWG-MTC

Bay Trail

The San Francisco Bay Trail welcomes hikers, joggers, bicyclists, skaters and wheelchair users to more than 350 miles of trails that circle the bay. The Bay Trail webpage includes an interactive map, FAQs, and more information about the trail. tinyurl.com/SF-BayTrail

MTC Complete Streets Policy & Checklist

In 2022, the Metropolitan Transportation Commission adopted an updated Complete Streets Policy ([MTC Resolution No. 4493](#)). The goal of the policy is to ensure that people biking, walking, rolling and taking transit are safely accommodated within the transportation network. MTC provides funding, toolkits, webinars and other resources to help cities develop Complete Streets networks. tinyurl.com/MTC-CS

Regional Active Transportation Network

An interactive map that shows the Regional Active Transportation Network with various layers (including transit, OBAG program projects, Bay Area Trails Collaborative network, and others). tinyurl.com/MTC-Network

Regional Active Transportation Plan

MTC's Regional Active Transportation Plan guides MTC's policy and investment framework to achieve Plan Bay Area 2050+ goals. It supports the Plan Bay Area 2050+ strategies to build a Complete Streets Network and Advance Regional Vision Zero Policy and helps to meet goals for safety, equity, health, resilience and climate change. tinyurl.com/MTC-ATPlan

Quick-Build Webinars & Materials

Learn how to ramp-up Complete Street redesigns for your community with pedestrian and bicycle facilities and protected intersections in MTC's webinar series. Quick-build materials allow cities and counties to quickly create safe lanes of traffic for people who are traveling by bike, by foot, by wheelchair, scooter or similar non-vehicle mode. The quick-build webpage includes a toolkit of intervention objects and materials, as well as quick-build funding opportunities and quick-build resources. tinyurl.com/MTC-QuickBuild

[Quick-Build Bench](#) has information on MTC's quick-build design and engineering services, including a contact list. tinyurl.com/MTC-QuickBuildBench

MTC Vision Zero Resources

MTC Staff Contact: Fabian Gallardo, fgallardo@bayareametro.gov

Bay Area Vision Zero Action Plan & Regional High Injury Network

MTC's 2022 Bay Area Vision Zero Action Plan provides a regional roadmap for eliminating traffic fatalities and severe injuries through data-driven safety strategies. tinyurl.com/MTC-VZAP

The plan includes regional high injury networks separated by travel mode: tinyurl.com/HIN-MTC

Bay Area Vision Zero System (BayVIZ)

BayVIZ is the Bay Area's regional safety data system. It offers safety data and analysis tools so city and county staff can develop custom traffic safety plans and identify countermeasures that can help reduce traffic fatalities. tinyurl.com/MTC-BayViz

Bay Area Vision Zero Working Group

The Bay Area Vision Zero Working Group is an MTC-led panel of officials who are working toward a shared goal of making the region's streets safer for everyone. Members come from cities, counties, transit agencies and universities to share wins, challenges, and work together regionally in support of Vision Zero. The VZWG also shares quarterly newsletters with resources and news around the region. tinyurl.com/MTC-VZWG

INRIX Roadway Analytics

INRIX Roadway Analytics is a cloud, web-based platform that provides data-driven insights on roadway performance, reliability, congestion, speed, travel times, and vehicle movement patterns to support safety analysis. MTC has access to the product until next summer (pending contract renewal), which can be shared with partner agencies at no cost. Reach out to Brian Xi, bxi@bayareametro.gov, to request access.

Regional Safety/Vision Zero

The MTC Regional Safety/Vision Zero Policy homepage provides information about MTC's work prioritizing street safety and resources for our nine-county San Francisco Bay Area partners. tinyurl.com/MTC-VZ

Vision Zero Policy (Resolution No. 4400)

In 2020, MTC adopted a Regional Safety/Vision Zero Policy. The Resolution establishes a region-wide policy of working with partner agencies to encourage and support actions towards eliminating traffic fatalities and severe injuries in the Bay Area. The policy identifies a three-bucket framework centered around funding and policy, data, and technical assistance, all centered around equity. tinyurl.com/VZP-MTC

Funding Opportunities

One Bay Area Grant Program (OBAG4)

Program Information: tinyurl.com/MTC-OBAG4

Staff Contact: Kate Fosburgh, kfosburgh@bayareametro.gov

Next Call for Projects: 2027; OBAG 4 regional calls for projects will be consolidated with one another and occur once a year between FY 2026-27 and FY 2028-29.

Regional Active Transportation Program (ATP)

Program Information: tinyurl.com/ATP-MTC

Staff Contact: Karl Anderson, kanderson@bayareametro.gov

Next Call for Projects: Spring 2028 (estimated).

State Program information: tinyurl.com/CalState-ATP

Regional Measure 3 (RM3), Safe Routes to Transit & Bay Trail

Program Information: tinyurl.com/RM3-MTC

Staff Contact: Karl Anderson, kanderson@bayareametro.gov

Next Call for Projects: Open – applications due October 5, 2026.
