Metropolitan Transportation Commission

May 27, 2026 **Agenda Item 11b - 26-0346**

Endorsements for the 2026 Cycle of the Transit and Intercity Rail Capital Program (TIRCP) – Update to Commission

Subject:

Recommended Commission endorsements for Bay Area applications to the 2026 state TIRCP program (Cycle 8) update to add a project to the endorsement list based on a late submission from the sponsor.

Background:

In early May, the Contra Costa Transportation Authority (CCTA) reached out to MTC staff with a request for MTC support of a planned TIRCP application, too late for inclusion in the May 13 Programming and Allocations Committee meeting. Staff have now reviewed the project and confirm it is consistent with Plan Bay Area 2050+ and MTC's adopted TIRCP framework, and eligible for endorsement. Staff have updated the recommended TIRCP Endorsement List (Attachment A) with CCTA's planned application.

Recommendations:

Staff recommends that the Commission adopt the updated TIRCP Endorsement List (Attachment A).
